Dear Sir or Madam,

A routine check of the status of the above-mentioned application on PAIR has revealed noticed that the status is noted as "abandoned" even though the petition to withdraw the holding of abandonment was granted on 26 April 2007.

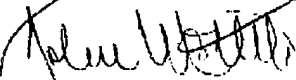

The undersigned requests that the Commissioner corrects the status and ensures that this case is passed on to the examination division for Examination.

As the status error is an error of the Patent Office, it is believed that no petition fee is due. However, if the formalities examiner disagrees, he is authorized to charge the deposit account of Moctteli & Associés SàRL No. 502621 for any petition fee required.

If the Examiner has further questions, he is invited to contact the undersigned at phone 011-4171-230-1000, fax at 011-4171-230-1001 (Switzerland is 6 hours ahead of Eastern Std Time), or e-mail at **moetteli@patentinfo.net**.

DECISION

This decision is in response to the petition to withdraw the holding of abandonment filed 13 March 2007. No fee is required.

#### BACKGROUND

On 02 May 2006, applicant filed a transmittal letter (Form PTO-1390) for entry into the national stage in the United States under 35 U.S.C. 371 of international application, PCT/IB2004/003676.

On 05 March 2007, a Notification of Abandonment (Form PCT/DO/EO/909) was mailed because applicants failed to provide the full U.S. Basic National Fee by thirty months pursuant to 37 CFR 1.495(b)(2).

On 13 March 2007, applicant filed the subject response.

#### DISCUSSION

In order to enter the national stage, applicants must meet the requirements of 37 CFR 1.495, which states, in part:

(a) The applicant in an international application must fulfill the requirements of 35 U.S.C. 371 within the time periods set forth in paragraphs (b) and (c) of this section in order to prevent the abandonment of the international application as to the United States of America. The thirty-month time period set forth in paragraphs (b), (c), (d), (e) and (h) of this section may not be extended . . .

(b) To avoid abandonment of the application, the applicant shall furnish

to the United States Patent and Trademark Office not later than the expiration of thirty months from the priority date:

(2) The basic national fee (see § 1.492(a)).

In this case, the thirty-month time period for PCT/IB2004/003676 expired on 10 May 2006. As such, the national stage papers were timely submitted on 02 May 2006. The Form PTO-1390 transmittal letter signed by Mr. Moetteli authorized the appropriate fees to be charged to Deposit Account No. 50-2621.

A review of USPTO financial records show that there was enough money in Deposit Account No. 50-2621 to pay the appropriate fees and that Mr. Moetteli was authorized to charge fees to this account.

Accordingly, the
